K-8 SURVIVAL KITS

What a glorious day we spent on Patos Island! Life just do better. We enjoyed the incredible beauty as we hiked around the island at the lighthouse. At that point, we embarked on a treasure hunt to find the treasure chest. Inside the treasure chest was an OCS SURVIVAL KIT for each student. After students received their survival kit, they made an emergency kit to go in their bag. Each month during the school year we will be adding to their survival kit. The goal is for them to save everything that goes in their bag. At the end of the school year, students who still have their bags and all items will receive an extra special item to add to it. So when you see these bags, help your children keep them in a safe place and not to lose the contents. We want students to bring their bags back to school so we can write their names on the bags and we'll be giving them another item soon.
